

# What to Expect from our Expertise

Summer 365 makes finding the right summer camp or program easy and will support you through the entire process. Here's how:

We **do take time to get to know you**, your child and your family

We **do consider the entire family** in your search process and help you make a holistic decision whether you want siblings to attend the same camp, affiliated camps, or go separate ways.

We know our partner camps and programs inside out. We **do extensive research throughout the year and tour 30+ camps per summer**. We always stay up to date on the latest & greatest info!

We will share our wealth of knowledge, experience and information that we have gathered not only as individuals but collectively as a team with over **70+ years experience**.

We will create a tight, customized list of camps for you to look at. **Quality over quantity**.

We **do send your contact information** (unless you specify otherwise) to the camps and programs we recommend so they can say hello and share their exciting marketing materials with you. **We will make introductions to Directors of camps and programs**.

We **do need to be the first to make contact with the camp or program**. If you hear of one you want to consider that was not on our initial recommendation list, whether it be from a friend, a neighbor's kid, or social media, just let us know first. If you end up reaching out directly, we ask that you let the camp know we are working together. It's how we work with the camps and how we keep track.

We are your **partner and resource** in the process, and you'll connect and talk to the camps and programs directly. **We want you to get to know them! Connection is key!**

We will guide you through your travel plans for visiting camps, including **recommendations on where to eat, sleep and play**.

We **do support you throughout the decision making process** and once you have made your decision **before, during and after camp**. As you know, we are happy to talk camp 365 days a year!

**We will empower you to make your final decision**. Even though we can't make it for you, you will have everything you need to make the best most perfect choice!!
