

SUMMER 2021 HOMECOMING

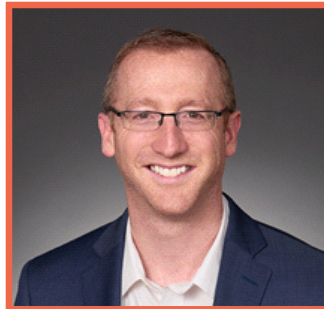

Covid to Camp: A Pediatric Perspective

March 16 at 8PM

PM Pediatrics, the largest pediatric urgent care provider in the country, will share the latest evidence based medicine as it relates to Covid-19 and children and what that means for you and your camper. Send us your questions in advance and our pediatric emergency physicians/camp docs will answer them to ease your mind as you prepare for summer '21.

Dr. Christina Johns is the Senior Medical Advisor and VP of Communications at PM Pediatrics. A pediatric emergency medicine physician, she has 20 years of clinical experience and a master's in education.

Dr. Eric Weinberg is the VP of Medical Education for PM Pediatrics, where he is responsible for overseeing the company-wide education agenda, and serving the patient and medical communities at large.

Dr. Richard Bruckner is the Regional Medical Director for western Long Island, where he oversees all medical operations in the region. He also serves as Medical Director in our Syosset practice.

Dr. Devin Grossman is the Regional Medical Director for eastern Long Island, where he oversees all medical operations in the region. In addition, he serves as Medical Director in our North Babylon practice.
